Violations of Human Rights and Public Freedoms
In the Palestinian-controlled Territory
September 2010

This monthly report highlights major human rights violations as monitored and documented by the Independent Commission for Human Rights (ICHR) throughout the Palestinian-Controlled Territory during the month of September, 2010.

Based on ongoing monitoring and documentation of violations of human rights and public freedoms during the month of September 2010, ICHR concludes the following:

1. Several death cases occurred due to different reasons including family disputes and negligence of public safety measures. Some of these cases happened under mysterious circumstances.
2. Torture of detainees continues in the Gaza Strip and the West Bank, as indicated by detainees' claims and complaints submitted to ICHR.
3. Detention of persons without regard to due process and conditions of the Basic Law and the Criminal Procedural Code in both the Gaza Strip and the West Bank continues.
4. Non-implementation or procrastination of the courts’ decisions where the cases that receive release decisions are referred to the Military Judiciary to be sentenced again.
5. Attacks on public freedoms, freedom of some members of the PLC and peaceful assemblies
6. The Ministry of Interior in Ramallah continues to deny issuance of passports to the citizens living under the control of the Deposed government in the Gaza Strip.

Below is a detailed description of the aforementioned violations:

I. Violation of the Right to Life and Physical Safety

As for the cause of death, these cases were distributed as follows: Four cases were due to clans’ disputes and manslaughter including 3 cases in the West Bank, 1 case in the Gaza Strip and another one under mysterious conditions in the West Bank. Two cases occurred due to negligence and lack of public safety measures. The first occurred in the Gaza Strip and the other in the West Bank. Finally, one death case was tunnel-related.

The following provides more details on the death toll during the month of September:

- On September 26, 2010, Samer Shawish, 34 from the area of Beit Hanina in Jerusalem, was found dead with severe marks on his body near Qalandia checkpoint. Investigation into the incident is still underway.

3. Deaths due to Negligence and Failure to Adopt Public Safety Precautions.

Two death cases occurred due to lack of public safety measures during the period this report covers including one case in the West Bank and another in the Gaza Strip as follows:

- On September 18, 2010, Muhamad Mustafa Shaath, 2 years old from the city of Khan Younis died of electricity shock. 5. Tunnel-Related Death Cases
ICHRR documented one death case which occurred due to an electric shock in a tunnel on the Palestinian Egyptian borders.

- On September 19, 2010, Mustafa Khalil Abu Jaba, 25, from the refugee camp of Jabalia, sustained multiple gunshots to the left hand and right leg. According to the information of ICHR, Mustafa was wounded during a clan dispute where fire arms were used. The police arrived at the hospital to investigate into the incident. They arrested a number of suspects for investigation.

7. Torture during Detention – Cruel, Inhuman and Degrading Treatment

ICHRR expresses its grave concern over the ongoing serious violation of detainees' rights by the security agencies and considers all patterns of ill-treatment and torture practiced by these agencies in the Gaza Strip and the West Bank prohibited and punishable by law. ICHR continued over the month of September and the months before to receive complaints from persons claiming they were subjected to torture at the hands of members of the security agencies operating in the West Bank and the security services adherent to the De facto Authority in the Gaza Strip.

In the West Bank, ICHR received during the month of September 299 complaints against the security agencies including 10 (3%) in which citizens claim they experienced torture and ill-treatment. These complaints were distributed as follows:
- (6) complaints against the Civil Police agency;
- (3) complaints against the Preventive Security Agency;
- One complaint against the General Intelligence Agency.

The torture allegations concentrated on different patterns of torture including: standing in a painful position "Shabah"; beating; punching; flogging; intimidation; psychological pressure and ill-treatment.

In the Gaza Strip, ICHR received during September 48 complaints against the security agencies of which 16 (33%) include claims of torture and ill-treatment during detention by the internal security and the civil police adhering to the MoI of the Deposed government. Torture allegations varied according to the affidavits of the complainants. Most of them claimed that they were subjected to standing in a difficult position ("Shabah") for long hours, flogging, tying the hands behind the back, suspension, blindfolding, beating using clubs and hoses, punching and ill-treatment. ICHR recalls that the internal security has been prohibiting its delegates since the beginning of the current year from visiting the detention centers to monitor the living conditions of the detainees. It also recalls that it has not received any response to its letters concerning the complaints received from the detainees.

II. Violation of the Right to Proper Legal procedures – Arbitrary and Politically–motivated Detentions.

ICHRR is gravely concerned over ongoing arbitrary detention and non-compliance with proper legal procedures during detention. Such measures constitute a stark violation of personal freedoms without any legal justification. Detainees are deprived of their major rights including access to the civil judiciary, since bringing detainees before the military judiciary constitutes a clear breach of the Palestinian Basic Law and Criminal Procedures Law.
Arbitrary detention continued in the West Bank and the Gaza Strip, and ICHR received during September (471) complaints in the West Bank of which (299) against the security agencies. (264) complaints focused on the inappropriate procedures of detention. Most of the complainants claimed that they were arbitrarily detained or for political reasons.

In the Gaza Strip, ICHR received during the same month (71) complaints of which (48) against the security agencies which are adherent to the MoI of the Deposed government. Sixteen of these complaints focused on inappropriate detention procedures and politically driven - arrests.

III. Encroachment on the Freedom of Peaceful Assembly and Freedom of Press

Several assaults on the freedom of peaceful assembly, freedom of press and associations took place during the month of September:

- On September 15, 2010, the internal security agency prohibited a meeting of the Palestinian journalists in Gaza with the head of the International Federation of Journalists by a video conference from Ramallah. According to the information of ICHR, the Palestinian Journalists Syndicate called for the meeting in one of the meetings’ rooms in al-Azhar University in Gaza, but the administration of the university received a telephone call a day before the date of the meeting from the internal security agency, informing them of the decision of prohibiting the meeting.

- On September 22, 2010, the office of journalist Nufus Atyeh al-Bakri, 35 years old, from Khan Younis, was broken into. Nufus works for al-Hayyat al-Jadideh daily newspaper which is published in the city of Ramallah. According to the journalist’s affidavit to ICHR, she received a telephone call from someone who identified himself as a police officer. He told her that her office was broken into by unidentified persons. When she went to her office, she found the external door open and the fax, telephone and a box of documents stolen. The police arrived at the scene and opened investigation into the incident.

- On September 23, 2010, the Nablus–based Jaffa Cultural Center which organizes cultural and art activities for children was fired at by masked persons. A formal complaint was filed to the police agency in the city. A number of suspects were detained for investigation.

According to the information of ICHR, the two persons who organized the activity and the owner of the restaurant were arrested for one day. They were beaten and the owner of the restaurant was forced to sign a document banning “festivals and celebrations”.

- On September 12, 2010, a force of the General Investigation police prohibited a cultural eve organized by the Community Colleges’ Graduates Association on Gaza beach without any reason.

IV. Assault on Public Freedoms of PLC Members

- On September 21, 2010, a joint force of the security agencies broke into the house of legislator Addul-Rahman Fahmi Abdul-Rahman Zeidan of the Change and Reformation Bloc of Tulkarem city. They broke the door and entered the house by force. They put him in a corner of the house and began searching the personal documents and files. The security servicemen were dressed in their uniforms and the head of the force was dressed in a police uniform with captain rank. The legislator added that the security service women requested to search his wife and daughters, but they refused. He recalls that the security servicemen presented no search or arrest warrant or any legal document. Further, they didn’t introduce themselves. They confiscated two laptop computer sets, a mobile phone,
mobile’s batteries, digital cameras and all his files and personal documents. They held him at the National Security Force Office in Tulkarem for half an hour. They insulted and ill-treated him.

- On September 14, 2010, according to the affidavit of legislator Nasir Abdul-Jawad, PLC member of the Change and Reform Bloc, a large force of the preventive security agency headed to his house late into night. They knocked the door in a panicking way. When a member of the force was asked about the reason why they break into the house, he said that they wanted to arrest the son of the legislator (Awis).

V. Assault on Public Institutions, public and private property.

- On September 2, 2010, the police agency sealed off the restaurant and Café Shop of “Sama Gaza” for three days. According to the information of ICHR, a member of the General Investigation Police arrived at the scene and informed the chairman of the board of directors of the decision. The reason behind this decision is mixed meetings between men and women and smoking water pipe by women.
- On September 5, 2010, the Gaza based “Jockeys Club’ was sealed off for 21 days. According to ICHR information, the Public Prosecutor of Gaza made the decision because the club doesn’t have the necessary license.

According to the information of ICHR, The Public Prosecutor of Gaza took the decision claiming that the administration of the resort dug a well without a permit from the municipality. The administration of the resort submitted a complaint to the supreme court of Gaza. On 19 of the same month, a group of armed people broke into the resort by a jeep. They seized the guards, blindfolded and handcuffed them. Then, they spilled gallons of gas and torched the resort. The police arrived at the scene and opened investigation into the incident.
- On September 15, 2010, the police agency sealed off the “Orient House” restaurant on the beach of Gaza for three days. According to the information of ICHR, the Director General of the police agency issued the decision claiming the administration of the restaurant doesn’t abide by the laws in force in the Gaza Strip.
- On September, 18, 2010, a member of the General Investigation Police arrived at “Latrina” restaurant in al-Rimal suburb in Gaza city and demanded from the chairman of the board of directors to accompany him to the police center of al-Abas where he was forced to sign a document banning water pipe smoking by women in the restaurant.

VI. Delays in Implementing Palestinian Courts' Decisions in the West Bank.

Non-implementation of courts’ decisions and rulings during the month of September in the West Bank continued. Such conduct by the Palestinian courts regardless of their degrees is a blatant breach of the Palestinian Basic Law, particularly, article 106, which stipulates that “Judicial decisions are enforceable and any form of refraining from that is a crime punishable by imprisonment and dismissal from office”.

As for the implementation of decisions of both the Palestinian High Court of Justice and the Court of First Instance, ICHR documented a number of complaints on the non-implementation of them. The High Court of Justice issued some decisions, but the executive authority, in both its civil and military wings, failed to implement those decisions up to the moment of this report. The following are among these cases:
First: In September, ICHR received a number of complaints relating to release decisions due to the illegality of the detention procedures, but these decisions went unimplemented:

Besides these decisions, administrative decisions were issued during the past months, but the executive authority hasn’t implemented any of them. The following are some of these decisions:

1. On 24/62009, the Palestinian High Court of Justice issued a decision revoking the Ministry of the Interior's decision of appointing a provisional preparatory committee for the management of Yatta's Islamic Society for Orphans' Care instead of the former elected administrative committee. The court ruled that the Ministry's decision didn’t mention the reason of such a measure and the fact that it constitutes a breach of article (37) and the provisions of the Charitable Associations’ Law of 2001. Nonetheless, the decision of the court hasn't been implemented yet.

2. On 22/42009, the Palestinian High Court of Justice issued a decision reinstating Nur al-Din Hamad who was fired from his work for the police agency on 1\1\2007. This decision wasn't carried out up to the moment of writing this report.

3. On 8\72009, the Palestinian High Court of Justice issued a decision revoking the Ministry of the Interior decision of appointing a provisional preparatory committee for the management of Bet Umar Society of Orphans' Care instead of the former elected administrative committee. The court ruled that the Ministry’s decision didn’t mention the reason of such a measure and the fact that it constitutes a breach of the provisions of the charitable associations’ law of 2001. The court's decision hasn't been implemented yet.

4. On 21\42010, the Palestinian High court of justice issued a decision reinstating Muwafac Saadat as a supervisor on physical education in the ministry of education and revoking the decision of demoting him to a teacher of physical education. It also revokes all the effects of the decision challenged because of its breach of the provisions of the Civil Service Law.

VI. Violation of the right to Movement and Travel.
The ongoing suffering of the people of Gaza seems to continue because Gaza governorates have run out of passports since November, 2008 up to the period covered by this report.

According to the information ICHR received from officers of the Ministry of Interior (MoI) of the Deposed government, the MoI in the West Bank refuses to issue passports for the citizens of the Gaza Strip depriving them of their right to movement and travel. Along the same lines, this situation has adverse impact on the
patients who need to travel for treatment abroad, students who study abroad and thousands of expatriates whose passports expired and need issuance of new ones.

The security agencies of the Deposed government in the Gaza Strip confiscated a number of citizens’ passports in the Strip including the following cases which submitted complaints to ICHR:

- On September 8, 2010, the Internal Security confiscated the passport of Abdul-Raof Shrieqi Barbakh, from Rafah, member of Fatah district leadership. According to the affidavit ICHR received from him, he was summoned to the internal security center in Rafah. They held him for 2 hours and confiscated his passport. They ordered him not to leave the Gaza Strip. He added that he is in urgent need for travelling to Egypt to treat his son who suffers hemiplegia.

- On September 8, 2010, the Internal Security confiscated the passport Hamadeh Musbah Mukhiemer from Rafah. He is a lawyer. According to the affidavit of Hamadeh, he was summoned by the internal security in Rafah. They confiscated his passport without giving any reason.

VII. Dismissal from Public Service

The Ministry of Education and Higher Education continues to fire teachers and employees of its departments and stop the procedures of their appointment. ICHR received 4 complaints over the month of September, 2010 against the Ministry in this regard. The number of the complaints lodged in this respect rose to 463 in 2010. The complainants claim that they were fired by a decision of the Minister of Education and Higher Education under the pretext that they haven’t attained a recommendation from certain departments which have no authority or mandate thereof. ICHR considers such a measure as a breach of the civil service law and the Palestinian Basic Law and an infringement on the citizens' right to assume public office on equal footing without discrimination.
